

IS MOBILE PHONE

DISCONTINUED

RFEx1.1

The RFEx1.1 featured IS phone is designed for maximum safety in the field and enhanced usability for first responders.

The RFEx1.1 featured IS phone is designed for maximum safety in the field and enhanced usability for first responders. It is engineered to operate safely in hazardous environments, keeping your people safe and connected while they get their jobs done.

It is a special mobile device for potentially explosive locations. It is waterproof with very light housing and nice appearance. The battery can last for more than 10hrs making it easy to use for any rugged environment. The rugged key-operated phone provides many technical advantages: WiFi, Android, NFC, LED-torch, amplified loudspeaker and SOS-key.

Robust design delivers clear, mission-critical voice communications. It is designed and tested to meet global IS standards, ensuring safe operation in hazardous environments. The design enables use in challenging conditions and offer industry-leading audio clarity, superb usability, and safe, secure communications.

KEY FEATURES

Health & safety - SOS

SOS Button / (LWP/Man-Down) GPS, AGPS

Operating temperature

-20°C to 60°C

Operating system

Compatible with Android 8.0

Ultra-rugged

Dust and Waterproof (IP68)

Memory 8GB ROM & 1GB RAM

Micro-SD - Expandable up to 32GB

TECHNICAL DATA
