

IS SMART PHONE **DISCONTINUED**

RxIS201

The RxIS201 is an IS smart phone which is designed for maximum safety in the field and enhanced usability for first responders.

The RxIS201 is an IS smart phone which is designed for maximum safety in the field and enhanced usability for first responders. It is engineered to operate safely in hazardous environments, keeping people safe and connected while they get their jobs done. This phone is especially designed to work in a potentially explosive area and the waterproof feature, with very light housing and nice appearance adds to the overall usability of the model.

High performance hardware (Octa Core Processor) backed by 8000mAh battery provides a blazing fast experience with long lasting usability. The 6" FHD display with light sensor provides bright and illuminated information even in harshest of conditions. The speaker is capable of producing sound more than 110dB, which comes handy in noisy industrial environment. It comes loaded with top of the range features.

High-performing and robust design delivers clear and mission-critical voice communications. It is designed and tested to meet global IS standards, ensuring safe operation in hazardous environments.

KEY FEATURES

Health & safety - SOS

SOS Button / (LWP/Man-Down) GPS, AGPS

Operating temperature

-20°C to 60°C

Ultra-rugged

Dust and Waterproof (IP68)

Memory 64GB ROM & 6GB RAM

Micro-SD - Expandable up to 128GB

TECHNICAL DATA

Technical specification	
Type	Touchscreen
Network Band	4G LTE Network
SIM Option	Dual NanoSim
Android Version	Android 09.0
Processor	MTK6763 (2.5GHz Octa Core)
RAM & ROM	Internal memory 64 GB ROM and 6GB RAM
Expandable Memory	Micro-SD - External card up to 128 GB
Battery	8000mAh Lithium ion battery Charging time:4 Hrs
Standby time	Upto 600hrs
Talk time	upto 16hrs
Display Size	6" Full HD & IPS Display with a resolution of 1080*2160
Camera	Primary Camera:13 MP & Front camera: 5MP
Size & weight	Size L172.0*W84.5*H17.9MM Weight 380g
WiFi	2.4GHz WIFI, IEEE 802.11 b/g/n
Bluetooth Version	Bluetooth® 4.0
IP Rating	IP68
LED Torch	Flash Light
Features	SOS Button / (LWP/Man-Down) GPS, AGPS
Operating Range	operation range from -20 °C to 60 °C
Amplified Loudspeaker Feature	Yes Available Loudspeaker
Frequencies	GSM 850/900/1800/1900 MHz
Buttons	Dedicated SOS button (LWP / Man – down third party software)
Communication	SMS, MMS, E-MAIL(POP3/SMTP, IMAP4 etc.)

Technical specification (continued)	
Sensors	Light, G-sensor, magnetic, gyroscope
Contents	Phone, Battery, C Type Charger
Standard Warranty	Handset-1 Year Battery- 6 Months Accessories- 3 Months
